

new futures buckinghamshire

supporting local voluntary and community sector organisations

A free support and development opportunity for charities and community groups in Buckinghamshire to gain insight and help from experts in the areas they need it most.

Would your organisation like FREE specialist support in any of these areas?

▶ Finance and income generation (managing finances and raising funds)	▶ Marketing and communications
▶ Strategy and planning	▶ Performance (to help maximise efficiency & effectiveness)
▶ Governance and legal structures	▶ New ways of working (setting up new services, partnerships etc)
▶ People, HR and employment	▶ Information & communications technology (ICT) services
▶ Research and evidence gathering	▶ Facilities and supply management

Through a two stage process, the scheme provides:

- A free half-day health check by **Community Impact Bucks** to help you explore and confirm your organisation's key areas of need;
- Up to nine days of free specialist support from local experts to help you address the needs you've identified, to improve what you already do, or even to take a new direction.
